Look at this! We can ride on cars, boats, trains and planes.

Some go fast and some do not go fast. Some are big and some are little.

Some we can see here, and some we have seen on TV and in books.

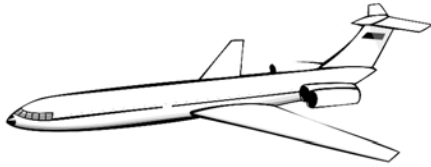

We can see some on the computer, too.

What is this? This is a bike. It is not too big and not too little. It is for you!

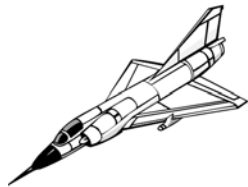

You can ride it to the school, you can ride it to the store, and you can ride it to a friend's house.

Boys have bikes and girls have bikes. They can be red and they can be blue. Do you like to ride a bike? It is fun!

This is a big plane and a little plane. The big plane can go fast. It can fly up, up, up and go down, down, down. You can go for a ride in it.

The little plane can go up and down, too. It is not as fast as the big plane.

This is a jet plane. You can not ride in it. It will go too fast!

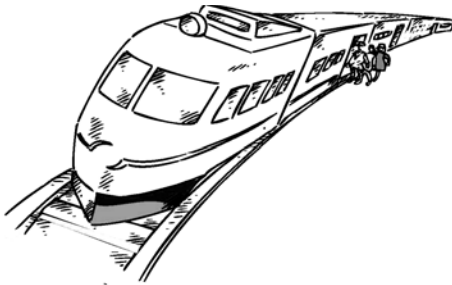

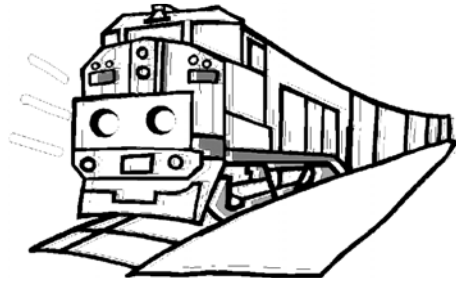

Here are some cars. Cars can be big and they can be little. Do you have a big car or a little car?

Cars can be red, blue, yellow or green. They can be orange, too!

Cars can go fast. You can go to school and to the store in a car.

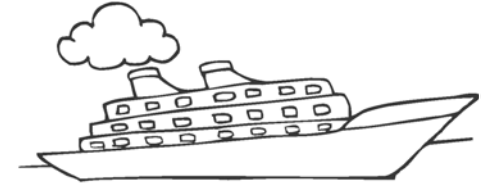

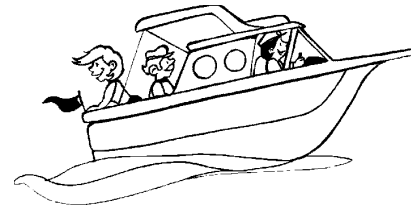

Do you play with little cars, too?

Trains are big. The train has cars - train cars!

A train has an locomotive. The locomotive is big. It can go fast.

You can ride on a train. Have you seen a big train? Have you had a ride on a big train? It is fun!

Here is a little boat. You can go for a ride in it. It can go fast.

You can go fishing in this boat. Have you been fishing? Fishing is fun!

A big boat is here, too. A big boat can go fast. You can ride in it.

You can not go fishing in this big boat!
